

	(most important at the moment)		
	Competency	Sub-competency	Examples of Aligned CLASS Dimension and Indicators (PreK--3rd)
CONNECT	Inclusive Community	I develop and maintain genuine, caring relationships with each child	Positive Climate > Relationships
		I support every child's sense of belonging in the classroom community	Positive Climate > Positive Communication
		I ensure every child feels seen, heard, and valued	Positive Climate > Respect
		I demonstrate respect for and honor children's backgrounds, identities, culture, strengths, needs, ideas, and home life	Regard for Child Perspectives > Child expression
		I affirm and celebrate all children's identities	Positive Climate > Respect
		I proactively monitor and manage my own emotions, biases, and reactions	Positive Climate > Respect
	I build an inclusive, caring classroom community	Materials and activities include a variety of perspectives, experiences, and points of view	Regard for Child Perspectives > Child expression
	Responsive Support	I am attuned to children's social and emotional needs	Educator Sensitivity > Awareness
		I help children name and express themselves (their needs, thoughts, ideas, feelings, and experiences)	Regard for Child Perspectives > Child expression
		I support children's emotional skills and development	Educator Sensitivity > Problem resolution
		I respond to children with calm, understanding, patience and support	Educator Sensitivity > Responsiveness
		I ensure every child feels safe, valued, and supported	Educator Sensitivity > Child comfort
	Child-Centered	I model active listening, acceptance of perspectives and sharing my own thoughts	Educator Sensitivity > Child comfort
		I encourage all children to express their ideas and perspectives	Regard for Child Perspectives > Child expression
		I incorporate children's ideas into activities and interactions	Regard for Child Perspectives > Child-centered
		I teach children to value each others' ideas and perspectives	Regard for Child Perspectives > Child expression
		I provide meaningful opportunities for autonomy and leadership	Regard for Child Perspectives > Support for autonomy and leadership
		I am flexible/adapt activities and interactions based on children's needs and interests	Regard for Child Perspectives > Support for autonomy and leadership
		I encourage children to take initiative	Regard for Child Perspectives > Support for autonomy and leadership
ENGAGE	Child Regulation Support	I create a classroom environment that is centered on children's interests, contributions, and choices	Regard for Child Perspectives > Support for autonomy and leadership
		I empower children to trust themselves and solve problems	Regard for Child Perspectives > Support for autonomy and leadership
		I allow children freedom in movement as long as it is safe for themselves and others	Regard for Child Perspectives > Allows movement
		I create behavior expectations that ensure safety, kindness and fairness, and review these frequently with children	Behavior Management > Behavior expectations
		I involve children in the process of creating behavior expectations (e.g., "our promises") and talk to children about the rationale behind behavior expectations	Behavior Management > Behavior expectations
		I see "challenging" behaviors as an expression of unmet needs and work to meet those needs	Behavior Management > Proactive
	Intentional Experiences	I effectively address challenging behaviors with safety, kindness, and fairness in mind	Behavior Management > Redirection of behavior
		I help children effectively navigate peer conflict	Behavior Management > Redirection of behavior
		I monitor and redirect behavior equally for all children	Educator Sensitivity > Problem resolution
		I guide all children towards behavior that is safe, kind, and fair	Behavior Management > Proactive
		I support children's social skills	Behavior Management > Proactive
	Meaningful Engagement	I provide routines, directions, and guidance that help children feel orientated	Productivity > Routines
		I help children effectively transition between activities and settings	Productivity > Transitions
		I provide choices to make activities possible, relevant and interesting for all children	Productivity > Opportunities for learning
		I create a flow that allows children to be engaged without feeling rushed	Productivity > Opportunities for learning
	Encourage Curiosity	I set children up for success in their learning and exploration	Instructional Learning Formats > Child interest
		I create activities and projects that are connected to children's everyday lives	Instructional Learning Formats > Child interest
		I balance guided activities with child-led exploration and play	Instructional Learning Formats > Effective facilitation
		I deepen children's engagement in classroom experiences	Instructional Learning Formats > Effective facilitation
		I vary learning formats to enhance engagement	Instructional Learning Formats > Variation in approach
		I give children choice in how they walk, sit, and physically participate in activities	Instructional Learning Formats > Variation in approach
		I help children set intentions while focusing on the process	Regard for Child Perspectives > Allows movement
			Instructional Learning Formats > Clarity of learning objectives
		I promote all children's critical thinking and reasoning	Concept Development > Analysis and reasoning
